Subject: RE: ADEC interest in attending the RTOC session on FCR

Thank you for this Angela. Since it is the first time I have attended one of these, I appreciate having an idea of how these meetings are structured.

Do you know if I am expected to call in at a certain time? I will be able to speak to ADEC's efforts to revise our human health criteria but may not be the best person to cover all of the issues that ADEC/Miriah may have been discussing with the RTOC group.

Thank you.

Hi Brock,
Nancy informed me that you plan to call into the RTOC meeting next week, specifically the FCR update. See attached for agenda and call-in number. I don't plan to do a presentation. I've attended the last couple meetings and have kept it informal. I usually talk for about 5 minutes and then open it up for questions. Thanks.

Angela
Here is the final agenda. I do not have Brock's email. Could you please send it to him. Does he have the call in number I sent to you?
Thanks
Diana

Hi Diana,

I just talked with Nancy Sonafrank with ADEC's WQS program. Brock Tabor is interested in joining the RTOC call on fish consumption issues/update. Nancy said that Mariah left her ADEC tribal liaison position so Brock is trying to cover some of the issues in her absence (at least coverage of the RTOC). Can you please make sure Brock receives the final agenda? Thanks.
